## **ELITE BRANDS INC.**

40 Wall Street, New York, NY

Dear Hiring Committee:

Please find attached my resume for the Graphic Design position at Elite Brands INC. I am a graphic designer currently obtaining an AA in Digital Media, and I am very interested in this position. I believe that working at this company will be an amazing learning opportunity and a chance to apply my skills.

From projects I have worked on thus far, I've gained successful experience in Adobe Photoshop, Blender, photography, Adobe Illustrator, 3D Rendering, After Effects, Premiere Pro, and website design. Some of the work I have enjoyed the most includes commission work for Flint, Michigan's Poet Laureate Semaj Brown. The work consists of a 3D model interpretation of the book "Black Dandelion: Convergent Voice™".

I am keen to grow my experience and be introduced to real world projects while making a positive visual impact on the world. My great eye for detail, teamwork, and organization skills are just some of the assets I have to offer to this company. I have a passion for what I do. Embarking on this role will give me the chance to show what I know and what I am capable of. It will also give me the opportunity to work with other creative designers within a thriving team.

All the best,

Nyanna Oliver
